GLENDAL (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CALIF., FRIDAY, MAY 27, 1921

Weather—Fair and Warmer

Reception Planned In Honor of New Members

Assembly Crowded Presbyterian Sunday School Room and
Overflow Into Church—Westminster Quartet From
Colored Church in Los Angeles Sang

An assembly that crowded the Sunday school rooms and overflowed into the church auditorium greeted the new members of the Presbyterian church, last evening, at the reception planned in their honor.

Garlands of plumosus fern decorated the balcony and the pictures in the Sunday school room and these, with bouquets of coreopsis, carried out the cheery green and yellow color motif arranged by Mrs. Charles Farnham and members of her decorating committee.

W. C. Harris was chairman of the courtesy committee, which "labeled" each new member with a rose and a card bearing his name, and the reception committee, of which Mrs. M. P. Harrison was chairman, introduced him to the old members of the congregation.

A delightful program had been arranged by a committee headed by Dr. J. K. Glickerson.

Dr. J. E. Edmonds opened the evening with prayer and Rev. Louis Tanning gave the address of welcome; the response in behalf of the new members was given by H. L. Tepe.

A much enjoyed feature of the entertainment was the singing of southern melodies by the Westminster quartet from the colored church in Los Angeles, accompanied by Mrs. Hawes, the wife of the pastor of the church.

R. T. Williams of Los Angeles, accompanied on the piano by Mrs. Wil-

liams, played a beautiful saxophone solo, and Harry Robison of Trinity church, Los Angeles, entertained with tenor solos, Miss Elizabeth Mottern playing his accompaniments.

Other much enjoyed features of the program were a reading, "The Mite Society," by Mrs. William C. Murray of Emanuel church, Los Angeles; a vocal solo by Miss Elizabeth Mottern, and two novelty numbers: a steel disc solo, by R. T. Williams, which was as beautiful as it was novel, and Wilbur Lemon's "Seen on the Screen," interesting because this young lad made both the machine and the pictures used in his exhibition, as well as from the fact that his pictures were clever, entertaining and original.

H. T. Findlay told five reasons in two minutes why every new member should belong to some department of the Sunday school; Dr. Laura Brown gave the same number of reasons in the same length of time for every woman's joining the woman's society; Mrs. Williams in the same length of time gave five reasons for every new member's joining one of the four Christian Endeavor societies, and Dr. J. K. Glickerson took two minutes to tell why every man should belong to the men's organization.

Refreshments of ice cream and cake were served by Mrs. Rex Kelley and a committee of F to K girls, assisted by girls of Mrs. Nelson's class.

Mrs. J. M. Fife and Mrs. R. M. Hamilton were the invitation committee.

JESSE E. SMITH HOST TO FORD EMPLOYEES AT LA CRESCENTA

Celebrate the Largest Month's
Business in History of
Glendale Agency

Last night, the second banquet of the season was tendered by Jesse E. Smith to his employees at La Crescenta lodge, in celebration of the largest month's business in the history of the Glendale Ford agency. In April, the agency sold 104 new cars and 43 used cars, a grand total of 147 cars. Some business!

The party, numbering more than 50, assembled at the Ford salesrooms at Broadway and Kenwood and drove up to the lodge in a body. Dinner was served at 7 o'clock, Jesse E. Smith acting as toastmaster and presenting Maurice Healey with the prize for making the largest number of sales during the month. During the course of the evening practically everyone of the employees was called upon to make a speech or contribute in some way to the merriment.

For the executive and sales department, Mr. Land, Mr. Healey and Mr. Tom Smith gave talks on various subjects. W. W. Buttery, a new addition to the sales force, entertained the crowd with several vocal selec-

RANCHERS KNOW - A GOOD THING

The Glendale Ford Agency reports the sale of a "Fordson" tractor to Enoch Robbins, to be used on his ranch on Verdugo road. During the demonstration which was under the supervision of Thomas Smith, Mr. Robbins expressed complete satisfaction with the way the machine went through the various tests. This is the first "Fordson" that the Ford Agency has sold in this territory since the Ford company placed these tractors on the market. Mr. Smith is planning an extensive campaign among prospective users of tractors in Glendale to acquaint them more fully with the high qualities of this machine, and he is confident that any one who sees it demonstrated will be impressed with its adaptability and ease of operation.

The music for the dancing which followed was supplied by Henning's orchestra.

The party lasted until midnight, when everyone went home happy and tired.

Spectacular Pageant Feature of Convention

State Federation of Women's Clubs in Session in Yosemite
Portray California the Land of Dreams in Six
Episodes—Affair Most Picturesque

Perhaps the feature that will live the longest in the memories of those who attended the state convention of the California Federation of Women's Clubs this week in the Yosemite valley, is the pageant, "California—the Land of Dreams," which was given Wednesday afternoon.

So wide in its scope was this spectacular and picturesque affair that it included every woman present at the convention. The signal success of this mammoth undertaking demonstrated the power of concerted action possessed by California women conclusively, as well as their commendable community spirit.

The pageant was divided into six episodes and the parts were taken by groups of women from different sections or counties.

Alameda county presented the

dream of woman's freedom, founded on an old Spanish legend; the women of the San Joaquin valley pictured the days when women were treated as beasts of burden; the period of exploration and discovery was staged by San Francisco women; the women of the southern district depicted the spiritual conquest of the state; the dreamy days when women were of the leisure class in the land of manana was shown by women of the San Joaquin district, and the Los Angeles district presented "the Questing Spirit of Womanhood."

Among the notables who took prominent parts were, Dr. Aurelia Rhinehart, who represented the character "California"; Mrs. Arthur Farwell, who portrayed the "Questing Spirit of Womanhood," and Fraye Williams, who took the part of Junipero Serra.

RARE TREAT NEXT WEEK AT PALACE GRAND THEATER

"Mrs. Temple's Telegram" Is
Now Being Rehearsed by
Professional Talent

AUSPICES OF B. P. O. E.

Proceeds Will Be Used to Help
Defray Expenses of Enter-
taining Convention

Glendale Elks are promising the city an entertainment of a very high order to be put on the evenings of June 2 and 3 at the Palace Grand. It is to be a play, "Mrs. Temple's Telegram," by all professional talent, which is now being rehearsed and all members of the cast have given their services. It is believed that nothing finer in a dramatic line has ever been given in this city.

The returns will constitute a fund to be drawn upon for expenses in connection with grand lodge to be held in Los Angeles in July, in which the Glendale organization, in common with others of this state, will participate.

BIRTHDAY DINNER FOR MRS. ESSELMAN

The home of Mr. and Mrs. O. W. Esselman at 1100 South Glendale avenue, was in festive array Tuesday evening for a dinner given in celebration of the birthday of the hostess. A red and white color scheme was carried out in floral decorations and appointments and the table was a pretty sight. Covers were laid for Mr. and Mrs. Esselman of 1031 South Mariposa street, Miss Helen Persons, Mr. and Mrs. De Armand of Hollywood, and host and hostess. A pleasant social evening followed the dinner.

TELEGRAPH BRIEFS

MEXICO CITY, May 27.—A number of persons were killed and the town hall was wrecked in fighting between Mexican reds and police, at Ahonga, in the northern part of the state of Michoacan, according to advices received here today from Morelia.

LONDON, May 27.—Hostilities have been renewed in Silesia between German volunteers and Polish insurgents and the Germans have occupied several industrial towns, according to a Central news dispatch from Copenhagen today.

HOLAKE, May 27.—Willie Hunter, of Walmer and Kingsdown, today won the British amateur golf championship, surviving one of the biggest fields of entrants, the event has ever known. Hunter defeated Allen J. Grahm of Hoylake in the final round of 36 holes, winning in decisive fashion.

INDIANAPOLIS, Ind., May 27.—F. J. Wheeler, one of the founders of the Indianapolis motor speedway and head of the Indianapolis carburetor and brass factories, committed suicide at his home near Riverside Park. The body was found by a butler. Wheeler had been in ill-health, his physician stated. Wheeler was reputed to be very wealthy. His home adjoins that of Carl Fisher, with whom he was formerly associated in racing interests.

BERLIN, May 27.—An Anglo-German commercial treaty is being concluded to foster trade between the two countries, it was learned this afternoon. The government has agreed to reimburse German exporters for the amount of the export tax imposed under the London indemnity decision.

PARIS, May 27.—With his country solidly behind him, Premier Briand, whose policies received an overwhelming vote of confidence in the chamber of deputies last night, was in a position today to arrange for an immediate meeting of the inter-allied supreme council to consider Upper Silesia.

TOKIO, May 27.—Considerable feeling is growing here that Japan should muzzle her anti-disarmament politicians who find their chief political success in attacks upon the United States. It is pointed out that the fact that the Japanese government silently allows such leaders as Admiral Kato to address thousands of people, denouncing America and Americans, permits the engendering of anti-American feeling in Japan.

Fish and Fishermen

Mr. and Mrs. Beck, Mr. and Mrs. Wayne L. Tracy and Mr. and Mrs. Harry McBain are motoring to Lyons Springs for the week end to fish for trout.

A party which included Mr. and Mrs. A. L. Baird, Bert Bramble, Mr. and Mrs. Herman Nelson, Mrs. W. W. Worley, enjoyed a day's fishing this week off San Pedro and Long Beach. Sixty pounds of barracuda was the catch.

Mr. Webb of the Glendale Hardware Company, who had his plans all made to join a fishing party in spending the week end holiday at Merino Dam, about 60 miles south of San Diego, is very much disgruntled over his luck. Yesterday he had been advised that all boats had been reserved and there would be none available for the fishermen in his party. The group has therefore disintegrated and will postpone the Merino Dam trip until later in the season when they may make a fortnight's stay.

K. OF P. LODGE HERE HAS AN ENVIABLE EFFICIENCY RECORD

Chancellor Commander Emil E. Fran who presides over the destinies of Glendale Lodge No. 331, Knights of Pythias, this year, has already established an enviable record for efficiency and promptness in executing its affairs.

This growing up-to-date lodge meets in their Castle hall on Park corner Brand, every Tuesday night.

Starting at 8 p. m., there is not a dull moment from beginning to end. This week its visitors were much in evidence, as usual, and we were privileged to hear from Palmer of Oregon and Brooker of St. Louis, Mo., and J. A. Spence of Helmet lodge whom we delight to claim as our own.

Spence, Frey and Peters made interesting reports on the proceedings of the grand lodge.

All present were quite enthusiastic over the large number of applications of new members which were promised. A good-sized class will be initiated shortly at which time also, it is expected that our new orchestra will make their debut.

Pythians living in Glendale should get in line and be able to enjoy these good things.

The Knight Rank is on the schedule for the next meeting.

The annual K. of P. memorial service will be held at Forest Lawn cemetery, Sunday, June 5, at 2 p. m.

J. Stanley Brown of Los Angeles, grand chancellor commander, will make the principal address.

Reindeer and musk-oxen are to be bred in Canada as a source of supply of meat and leather.

ACTIVITY DISPLAYED IN SOUTHERN PART OF GLENDAL

Two Associations May Be-
come Affiliated at This
Evening's Meeting

H. E. LEVEY, CHAIRMAN

Effort Will Be Made to Pro-
mote Improved Conditions
on Salt Lake Railway

The South Glendale Avenue Improvement association, which is meeting tonight in the municipal building at the corner of Los Feliz road and Brand boulevard at 8 o'clock, is inviting members of the Glendale Improvement association, an organization formed a few weeks earlier, to promote improved conditions relative to Salt Lake tracks on that thoroughfare, to meet with it and perhaps form a union.

Mr. Levey, who was made chairman of the South Glendale Avenue association and who is the head of the older one, believes there are great possibilities in the movement and that the Salt Lake officials, if properly approached, will not be averse to electrifying their line. He also thinks that the affiliation of the Salt Lake with the Pacific Electric interests will help to bring this about, as it would be possible not only to extend the territory served but to divide the traffic of the Pacific Electric, which is becoming quite congested. His idea is that the Salt Lake line might be extended to Sunland, La Canada and the territory that has no rail connections now with Glendale.

ELKS' AMERICAN LEGION BAND

The Elks-American Legion band held a formal meeting and band practice Wednesday night at the Elks Club, at which plans were discussed regarding the uniforming of the band for the Elks' parade, July 12. This is the big "Convention Week" in Los Angeles for the B. P. O. E., and the Glendale Elks' 35-piece band will be one of the features of the parade.

The American Legion band will participate in the big Decoration Day parade to be held in Glendale on Monday afternoon, May 30.

The quality of the music rendered in the rehearsals of this aggregation is such as to warrant a bright future. The band is being directed by Raymond D. Crawford of 712 South Louise and managed by Maurice Burke.

WHITE STAR PATROL WILL DANCE TONIGHT

The White Star Patrol of Glendale Lodge No. 1289, B. P. O. E., will entertain their families at an informal dance this evening after their usual drill.

Mexican Conditions Are Described To High-Ys

Interesting Talks Given by C. M. Retts and Will Marple,
Who Have Just Returned From Mexico—They
Say Peons Are Very Unreliable

C. M. Retts of 114 West Park avenue, who in company with his brother-in-law, Will Marple, has just returned from the west coast of Mexico where they were developing a ranch, addressed the High Ys of Glendale last night, giving them some very interesting information and conditions across the border politically and otherwise.

One of the big things he told them was that unless one has strong financial backing it is well to stay away from Mexico. He described the peon class and said the Mexican authorities are often criticized for their inconsiderate treatment of these people. He had the same feeling when he first entered the country and was told that kindness and education was their ruin. He refused to believe it until convinced by actual experience and observation. He found they had no appreciation or honor. The peons who have been elevated above their fellows by education are the very ones who exploit the common people and who betray those to whom they are indebted for favors.

Of the upper classes in Mexico Mr. Retts spoke in the highest terms, declaring they are as true and depend-

able as the peons are lacking in those characteristics.

He also mentioned the great undeveloped resources of the country in the way of oil, mines and agricultural products, particularly dwelling on the vast grassy plains that are going to waste because of the lack of stock to pasture upon them.

The present government Mr. Retts considers reliable and stable, though it has its own peculiar Mexican method of suppressing any uprising in infancy before it gains momentum.

Get-rich-quick men, and sharpers who are running around this country claiming to have special Mexican concessions came in for comment in which Mr. Retts warned the boys to beware of them. "It should be your one to steer clear of them," he declared, "because there are no such things issued by the government. There are permits, but the permits are not exclusive."

The evening before Will Marple addressed the Freshmen Group of High Ys at the Christian church. He told not only of life in Mexico but of his experiences in Scotland and France during the war.

ORGANIZATIONS WILL TAKE PART IN PARADE

Responses are coming in to the invitations sent out to the fifty odd organizations in Glendale to take part in the big Decoration Day parade to be held in Glendale on the afternoon of May 30, which makes it certain that they will all be represented in a greater or lesser degree.

The G. A. R. and American Legion will be out in full force as well as the Glendale company, National Guard and the various patriotic bodies.

The American Legion band will furnish stirring national music for the marchers.

The committee on autos for the Grand Army veterans and disabled service men urges that all who can offer their cars get in touch with Mr. Lapham. Phone Glendale 413-W. There are many of these old veterans who are not in a physical condition to march, as are some of the ex-service men who wish to participate in the parade.

Music Week Will Bring Music For Everybody

Mrs. Charles Lee Marlenee Represented Glendale at All
Executive Committee Meetings of Music Section
of Glendale Tuesday Afternoon Club

"Music Week" was designed by its earnest promoters to "bring music to everybody and to bring everybody to music."

The week beginning next Sunday, May 29, and ending the following Sunday, June 5, was chosen as the time for this intensive effort to bring about the consummation of the above slogan. The movement is wide in its scope. There will be, literally, in accord with the old song, "music in the mountains, music in the sea, music by the brookside, music on the me-"

le," for, from Glendale, Hollywood, Alhambra, Pasadena, Monrovia, Sierra Madre and other foothill cities, to Long Beach, Santa Monica, Ocean Park, and even as far out as the warships on the waters of San Pedro harbor, numerous concerts and other musical events will take place daily during "Music Week."

Glendale is represented on the executive committee which has been holding meetings in Los Angeles, by Mrs. Charles L. Marlenee, an officer of the Glendale Music Club and curator of the music section of the Tuesday Afternoon Club.

Glendale's participation in the events of Music Week will be unsurpassed by any city of its size in the

district. Among the events of its celebration locally will be a community sing, an open-air concert by the high school orchestra, a concert for the "shut-ins" at Thornycroft sanitarium, and programs by the junior and juvenile auxiliaries of the music club, as well as special programs at several of the churches.

In Los Angeles, preparations for Music Week are on a mammoth scale. Daily community sings in various parts of the city, a gigantic chorus of 6000 voices at Exposition park on Memorial Day, a great street parade on Saturday night, featuring 50 bands in the line of march and an all-nations sing in the wind-up of the parade, a sacred concert by the 200 members of the Los Angeles Festival chorus, the singing of Mendelssohn's "Elijah" at "the bowl" in Hollywood by the Los Angeles Oratorio society—these are but the high lights in the magnificent celebration planned by the Los Angeles musicians and music lovers.

Los Angeles city schools will invite the public to music-class lessons and special programs during the week, which will be marked also by special programs by all of the many musical clubs of the city, as well as some that are not devoted entirely to music.

UNDER INDICTMENT(By International News Service)
CHICAGO, May 27.—One hundred
and ninety men—building material
dealers, contractors and labor union
chiefs—are under indictment here to-
day as the result of legislative and
grand jury investigations of alleged
corruption in the building industry.
Officials who are conducting the vari-
ous probes assert there is still a mass
of evidence to be uncovered and de-
clare many more indictments will be
voted.The indictments for the most part
charge conspiracy, extortion and ille-
gal combination in restraint of trade.

Palace Grand

A comedy drama that will appeal
to picture lovers of all ages is "The
Little Clown," the latest Mary Miles
Minter release, which comes to the
Palace Grand theater today under the
auspices of the Colorado street school
and with a children's matinee from 3
to 5 p. m.All children love motion pictures,
and parents may well be grateful to
Realart for the clean, wholesome
stories in which they present Miss
Minter."The Little Clown is full from begin-
ning to end of delightful comedy situ-
ations which will please the most
biase picture patron, yet which are
perfectly suitable for a juvenile audi-
ence to see.A real circus, one of the few wagon
outfits left in this country, was hired
to put on the circus scenes, which
are so realistic that probably every
daddy in town will make an excuse
for seeing this picture, just as dads
habitually take their youngsters to
the circus so they can see it them-
selves.MRS. PERRY'S PARTY

planting of 600,000 trees on the north
slopes of Pike's Peak, and a bonus
will be paid to the 60 odd workers
who remain "on the job" until the
planting is completed.This gigantic planting project is
part of the reforestation program
planned by the United States forestry
service to conserve the water supply
of the Pike's Peak region by reforest-
ing the water sheds that have been
denuded by numerous forest fires.Thousands of the trees to be planted
have already been delivered to a near-
by spot, where they are cached in
crates in deep snowbanks to prevent
premature budding. The trees are
four to five inches in height and were
raised from seeds planted in govern-
ment nurseries.

SWIMMING POOL BOND PROJECT

Secretary Rhoades Call Meeting for 4:30 at Chamber of Commerce Rooms

At the meeting of the city trustees Thursday night, the proposition to place upon the ballot at the coming election a proposition to bond the city for \$22,000 to pay indebtedness on the Kenilworth city park and provide a swimming pool therein, came up for consideration.

City Attorney Shaw reported a communication he had received from bond expert Thompson to whom he had telegraphed concerning the matter, stating that such an issue would be legal in his opinion if one proposition instead of two or three as was the case when it was rejected by him last time, after having been voted by Glendale citizens.

President Stephenson said he did not consider that it was a matter in which the trustees should take the initiative, and the matter was therefore referred to the Chamber of Commerce, which had been discussing the matter, and also referred to the federation of Parent-Teacher associations inasmuch as it had also been the subject of discussion by members of that organization.

Secretary Rhoades of the Chamber of Commerce, appreciating the necessity for haste if petitions are to be circulated in time to put the proposition on the ballot, has called a meeting of chamber members at the headquarters of the organization this afternoon at 4:30, which he hopes will be attended by every member anxious to put this proposition through.

PERMIT ISSUED FOR WALKER BUILDING

Two important building permits issued at the city hall today were for a residence for A. G. Larson at 1231 Walnut, to be built by W. S. May, and to cost \$4000; permit to H. H. and H. N. Walker for the building to be erected for them by the Roy L. Kent company at Maryland and Broadway, to cost \$20,000.

Permits for the month now total \$410,695, and for the year to date, \$1,619,036.

LEGION SICK FUND

An all-star performance for the benefit of the sick fund of the American Legion—for the care of sick and wounded soldiers—will be staged June 15 at the Palace Grand theater, according to an announcement today by the committee in charge. This committee will meet tonight at 7 o'clock at the American Legion headquarters here prior to the boxing show. Dr. Gerhard Kaemmerling is chairman.

Architectural Notes

Architect Alfred F. Priest is preparing plans for a two-story, seven-room Spanish style residence on Jackson north of Doran, for Irving H. Oliver. It will be of hollow tile construction, stucco exterior.

Mr. Priest has finished plans for a mountain club building at La Crescenta for George Mills. It will be 45 by 106 feet, with cobblestone retaining walls, frame and plaster superstructure and cement veranda.

Plans are also completed by Mr. Priest for a gymnasium for the Ventura high school to be 75 by 84 feet, and of brick and plaster construction.

Architect Arthur G. Lindley of this city has been quite a busy man of late as the following details of plans prepared by him will show:

Social hall for the Chatsworth Methodist church, 40 by 46 feet; addition to the Redlands First Methodist church, 50 by 100 feet, to contain 20 classrooms, social hall and kitchen; Mexican Institutional church at Fillmore, 30 by 50 feet, two stories and basement; Manzanar Methodist church of cement block construction, to cost \$10,000; Methodist church buildings for Needles and La Mesa.

GLENDALE DOCTORS ARE ENTERTAINED

Dr. and Mrs. H. R. Boyer entertained the members of the Glendale Physicians Club and their wives at their home, 232 North Orange street, on Wednesday evening.

A musical program was given by Mrs. Kaemmerling, Dr. Babbitt, Miss Esther Loomis and Mrs. Boyer.

A Japanese magician from Los Angeles entertained the guests with an interesting exhibition of "sleight-of-hand." Two of the most amusing of his tricks were the magic Harp and the Rooster that laid the Golden Egg, after which refreshments were served.

The guests included Dr. and Mrs. H. V. Brown, Dr. and Mrs. H. C. Smith, Dr. and Mrs. Eccles, Dr. and Mrs. Bryant, Dr. and Mrs. Kaemmerling, Dr. and Mrs. Dietrich, Dr. and Mrs. C. M. Taylor, Dr. Duncan and Miss Duncan, Dr. Tholen and Miss Tholen, Dr. Collier, Dr. Babbitt, Dr. York, Dr. Auerbach, Dr. Laura Brown, Dr. Thompson, Mrs. Nelines, Mrs. Newell and Miss Loomis.

WHICH?

Why lose the other 20 Dozen?

Uncle Sam has counted the hens on the ranches and farms in this country, also the number of eggs that farm-raised hens lay in 12 months' time—it is 69.

Compare this with the returns in eggs, per hen, from the properly fed, bred, and housed hens here in Southern California, where records of 310 eggs per hen per year are an actual fact, established, not merely by one single hen, but by several hens, all with actual trap nest records for every day in the year.

These as well as more than one-half million OTHER HENS in Southern California, are fed each and every day in the year on

exclusively. And it is to the PCA BRAND OF POULTRY FEEDS manufactured and marketed exclusively by the Poultrymen's Co-Operative Milling Association of Los Angeles, that much credit is due for these wonderful egg records.

Ask your dealer for PCA EGG MASH, PCA DRY MASH—with buttermilk—PCA SCRATCH FEED, PCA CHICK MASH—with buttermilk—or with egg PCA CHICK FEED, PCA GROWING SCRATCH, etc. Do not accept something offered as being "Just as Good."

PCA Poultry Feed is nothing but pure grains, properly cracked, ground and so blended with the added protein as to make the ONE correctly balanced and mixed ration to produce maximum egg yield.

PCA Poultry Feed

costs no more than clean, unadulterated feeds should cost. They are really CHEAP. In the long run, for the hens do not require as much PCA DRY MASH as of other makes to obtain the same, required amount of protein and other egg-building material.

THREE BOYS AND GIRL ARE KILLED

(By International News Service)

AURORA, Ill., May 27.—Three boys and a girl were killed here early today when the automobile in which they were riding was struck and smashed to kindling wood by a Burlington passenger train. The dead are Miss Alice Rellin, 17, Wilbur Ames, 18, Joseph Beck, 17, and Walter Claffelt, 17.

The party was returning from a high school dance. Two others, Marian Cohen, 15 and Frank Carroll, 18, were probably fatally injured.

Adventist Notes

Mr. and Mrs. F. E. Painter of East Acacia avenue returned this week from the commencement of the Pacific Union College at St. Helena with their children who had been graduated.

Elder J. W. Christian and son Percy, Elder W. F. Martin and Elder H. H. Westphal left Thursday morning for Visalia to attend the Central California camp meeting. Elder Stevens and F. E. Painter will leave the first of next week for the camp meeting.

Professor and Mrs. Ruble left Thursday for Pacific Union College at St. Helena to attend a summer school. They will drive up and will spend a few days at the camp meeting at Visalia.

COMING IN THE BACK DOOR

President Harding's decision to have American representatives "set in" at the conferences of the reparations commission and at the supreme council meetings will be heartily approved by the American people, despite the fact that Colonel Harvey, as ambassador to England, is ill-suited to speak the sentiments of peace prevalent in the United States. In severe ways the American people have had it impressed upon them during the past few months that this country must take a part in the settlement of affairs in Europe.

The American people have not witnessed in many years a greater folly than the attempts of certain political leaders to restore industrial stability in this country without taking into consideration the industrial, political and economic conditions in Europe. But now, that Mr. Harding has seen the utter futility of such a course and has decided to permit American representatives to act as observers in the European peace councils, the people of the United States have just cause for optimism.

It is to be expected that American representatives will be given additional authority and before long will act as bona fide representatives in compliance to the wishes of the Allied ambassadors. Such action will mean complete accord among the Allied and associated powers, such as existed under the supreme command of Marshal Foch during the war and, with a harmonious front, the former enemies of Germany will be able to deal unitedly as they did before the armistice was signed.

The situation in Europe demands the assurance that the United States will lend its counsel and give its support in the solution of the extraordinary peace problems. And the United States needs a speedy settlement of the peace problems in Europe in order that our own industries and agricultural pursuits may be revived to full capacity. The only unhappy feature is that the United States must slip in the back door of these council chambers instead of using the more honorable front doors to which she had welcome access immediately after the signing of the treaty of Versailles by Germany and the Allied powers.

The emergency tariff bill having passed the Senate, it seems probable that the American farmers will soon be assured that the starving European nations will not, during the next six months, as provided by the measure, ship any wheat or corn into this country. This is very thoughtful of the senators, who are so keenly interested in the American farmer.

A casual reading of scientists' explanations of how the next war will be fought by use of gases, so deadly that the last war will seem like child's play, makes one wonder if the next war will not all be over before anyone knows it has started.

GRAVE AND GAY

THE EXPLANATION

It was down in New Orleans in a restaurant where they were some what careless about washing the dishes and the "silver." A man who was eating picked up a spoon, glanced at it critically, called the waiter and said:

"Say, Sambo, this spoon's very dirty!"

Sambo examined the spoon with an experienced eye. "Yes, sah," said he, "so 'tis. De las' man what used dat spoon mus' have ate aigs. They's tiblele soilin' to spoons."

THE POLITICIAN'S CAPITAL

"Your constituents expect a great deal of you."
"Yes," replied Senator Sorgham. "Expectation properly managed is an asset. My success in politics is due to the fact that while I was often compelled to disappoint my friends I always managed to keep 'em hopeful."

THE HAPPIEST HEART

The happiest heart that ever beat
Was in some quiet nook
With little worms for fish to eat
Attached to line and hook!

SAFETY FIRST

The worm that lies in bed quite late—
Is not lazy, as you've heard
He's only planning to break a date
With some pesky early bird.

THE JOYS OF SPRING

In country side the farmer boy
Fares forth in overalls
The city chap has equal joy
In odor of moth balls.

You have noticed that those who oppose most bitterly the pleasures of the young as being immoral, are those that by no chance ever could have had the opportunity of being immorally young.

Directors have discovered that a woman really should have something more than a past in order to become a movie star.

It used to be said that "one man's drink is another man's poison," but nowadays about all of them are that kind.

After studying pictures of the class coming in, you can't blame the average man for calling it "immigrant."

THE CONSIDERATE MULE

A negro was trying to saddle a fractious mule, says the American Legion Weekly, when a bystander asked: "Does that mule ever kick you, Sam?"
"No, sah, but he sometimes kicks where I's jes' been."

CORRECT! SIT DOWN

"James," asked the professor, "what are three words used most among college students?"
"I don't know," replied the innocent freshman.
"Correct!" said the instructor.

CELEBRATED HENS

A man in Illinois reports that he has 12 leghorn chickens which lay tinted eggs. He sells these eggs at \$10 a setting. The "strictly fresh" kind served at restaurants lead us to believe that there are also hens that lay tinted eggs and they cost something, too.

SECRET FINALLY MADE KNOWN

At Elton, a short time ago, a boy, writing of the poet Milton, said: "Milton was a great poet who wrote 'Paradise Lost'; then his wife died and he wrote 'Paradise Regained.'"

"So you think you are popular? Then try to borrow a hundred dollars without security, or run for an office without an organization."

Simplified spelling is especially popular with those who know little about simple spelling.

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

HOUSEHOLD HELPS

A splendid "bathrag" is made by saving small pieces of toilet soap, and dropping them in a small salt sack which has been boiled. When quite a few have been collected, tie the sack shut and use as a cloth. Saves time when taking a bath.

A BAKED BREAKFAST

Have an all-baked breakfast some Sunday morning of corn pone, potatoes and sausage in link or cake form, baking this along with the others, but each, of course, having its own pan. Baked apples may be added to the fruit. Baked sausage is far nicer than fried sausage.

A HELPFUL RHYME

To teach the small children to fold napkins and place in rings, we say at our house table, when that duty is forgotten:

"Just before you leave the table,
Just as well as you are able,
Fold your napkin up, the middle
And the ends together bring.
If so far you've done it rightly,
Fold it evenly and tightly,
And you'll be surprised how nicely
It will slip into its ring."

Even our little tots think it is as good as a game and fold their napkins as each line is said slowly.

TO SHRINK COTTON GOODS

As a rule, cotton dress goods should be shrunk and the color set before being made into frocks or garments of any kind. To set the color before laundering, pour a little turpentine into the water and let the goods soak for several hours. Another way is to dissolve a pint of salt in four gallons of water and soak the material for an hour or more. One-half ounce of alum to a gallon of water is another good recipe.

KEEP YOUR CLOTHS CLEAN

A tablespoon of kerosene to a gallon of boiling water will loosen the grease from dish cloths or dish towels soaked in it. They should then be boiled in soapy water and well rinsed. This kerosene water will also clean smudges from kitchen woodwork without injuring the paint.

WHEN YOU SCRAMBLE EGGS

When scrambling or shirring eggs always warm the milk with the butter. When the butter melts, the milk is hot enough. Add it slowly to the well-beaten eggs, stirring all the time and add seasoning, cook slowly, either over boiling water or in a skillet in which a little butter has been melted. Prepared in this way the eggs will be a creamy, delicious custard, which can be as soft or as solid as preferred but which will never grow watery.

THAT STUBBORN BUTTONHOLE

Have you ever noticed what trouble your husband has getting the button in the back buttonhole of his shirt? If you would save him this trouble, when ironing his shirt slip a small piece of paper between the neckband and the buttonhole. When thoroughly dry, take out paper and the two layers of cloth will not stick together.

HOMEMADE YEAST

Three or four medium-sized potatoes, one quart hot water, one-fourth cup sugar, one teaspoon salt, one cake yeast soaked in one-fourth cup lukewarm water. Grind potatoes through food chopper into hot water. Boil five minutes, stirring constantly. Add sugar and salt and allow mixture to cool. Add yeast as soon as it is lukewarm. Keep at a temperature of about 65 degrees or 70 degrees (ordinary room temperature) for 24 hours, when it is ready to use. A good container for it is an earthenware jar or enamelware pail which should be kept covered and placed in a cool, dark place. About a half cake of yeast should be soaked in lukewarm water and added about every two weeks to keep it growing.

It requires about one cup of this for four loaves of bread. When making a sponge in the evening, a pinch of ginger added will help keep it warm, and will not be tasted in the bread.

THEY USUALLY DON'T

He—"Are you fond of indoor sports?"
She—"Yes, if they know when to go home."

Series of Articles on Patents, Inventions, Etc.

By WILLIAM C. CUTLER of Glendale, California

INVENTION

The inventor who fails will get some sympathy, but no praise.

The genius of invention has been the mainspring of effort in the foundation of the prosperity achieved by American manufacturers, but had it not been for the protection held out by the patent laws, our greatest inventions would, unquestionably, have lain dormant in the obscurity of the experimental stage, and thus have been of no benefit to mankind, for no capitalist would have advanced the necessary amount of money to perfect such inventions as the sewing-machine, the cotton-gin, the telephone, the electric light, any many others, had it not been for the monopoly afforded for a certain period by the patent statutes. Even 17 years has been too short for some inventions to arrive at a point of productivity, where inventors have had difficulty in interesting capital. There have been efforts made to secure an extension of time under certain conditions.

One of the greatest difficulties experienced by novices in their inventive efforts, is to appreciate the difference existing between mere mechanical skill and true invention. The following quotation from a court decision is deemed appropriate. "Mere mechanical skill can never rise to the sphere of invention. The latter involves higher thought, and brings into activity a different faculty. Their domains are distinct. The line which separates them is sometimes difficult to trace, nevertheless, in the eye of the law it always subsists. The mechanic may greatly aid the inventor, but he cannot usurp his place."

If disappointment makes you sad, be a lecturer, not an inventor.

Q.—Invention. What is it?
A.—It is a mental act.

Q.—Patentable invention. What is it?

A.—All have failed who have attempted a definition.

Q.—Failure to define? Why?

A.—Because, like electricity, we can note its results, but cannot define what it is.

Q.—Principles of invention. What are they?

A.—Two, a "mental" process, combined with a "physical" process.

Q.—Mental process combined with physical process. What would be an example?

A.—Morse had an "idea" (a mental process), that by interrupting a current of electricity, signals could be made to designate letters of the alphabet. He fulfilled the requirements of invention by devising the telegraph key, and sounder, which was the "means" (or physical process).

Q.—A "new" idea. Is it invention?

A.—No, because an idea (as such), does not include means of accomplishment.

A.—Elias Howe had the idea that if he put an eye in the point of a needle carrying a thread, he could, by the use of a shuttle and another thread, form a stitch. Before the idea became an invention he had to devise (invent), a mechanical method or means, which would perform the act.

Q.—Experiment. Does it constitute an invention?

A.—No, not until it arrives at such a state of development that it can be justly termed an operative idea device.

Q.—Mechanical skill. Is it invention?

A.—No.

Q.—Mechanical skill. How is it distinguished from invention?

A.—It is impossible to answer this question definitely. The opinion of the patent examiner will first decide it with reference to an invention and later the court will pass upon it, if the patent is subject to litigation. It is the adverse decision of this question by the patent examiner which largely accounts for one out of every two patent applications being rejected (refused allowance), by the patent office. In fact, it is a most difficult question to decide in many cases. Among the older patents held void for lack of invention are the following: A corn planter, having a pin to prevent the driver from falling off; a hole in a cupola for drawing off the molten cinders in an iron furnace; a dredging boat with a propeller screw in the stern of a boat for dredging, by stirring up the mud (the propeller was usually placed in the bow).

These are all leading cases which established the rule that true invention does not reside in mere mechanical skill.

Q.—Complete invention. What is it?

A.—It must amount to demonstration. The efforts of the inventor must have been passed beyond the reach of possible or probable failure.

Q.—Reduction to practice. What is it?

A.—The conception and completion of an inventive idea. A working model is a complete fulfillment of the term.

Q.—Reduced to practice. What must an invention be?

A.—To fulfill the requirements of the patent statutes.

Q.—A drawing. Is it a reduction to practice?

A.—Yes; so far as fulfilling the requirements in securing a patent, if accompanied by the specifications, claims, etc.

No, if two inventors both claim they were the first to invent. In this case the applicant usually wins who actually made an operative construction, in other words, reduced it to practice in the operative sense.

CITY TRUSTEES HAVE SHORT SESSION LAST NIGHT

Dr. Crocker Challenges City Water Rights in Verdugo Canyon

City trustees made a record Thursday evening and completed the business of their session soon after nine o'clock. Perhaps it was because there were no lengthy hearings, although a delegation was present from the southern section of the city with the petition which was circulated to oppose the passage of an ordinance removing the ban on cemeteries. It was said to contain 800 names. Mr. Peterman who presented it asked for a pledge from the board that on change in the present ordinance excluding cemeteries would be made without notifying the chairman of the committee that circulated the petition, and the board

voted to grant the request.

On the verbal complaint of a resident of East California that Mrs. Anderson is violating the city's ordinance in the character of patients she is receiving in her rest home, the board voted to instruct Health Officer Eckles to investigate and report.

Verdugo Canyon Water

Dr. Crocker addressed the board relative to rumors he had heard that the city proposed to sink wells in that canyon for water development. He declared himself strenuously opposed, to any such action saying that the water in his well had been greatly depleted by the water development of the Newport company and any more wells would be likely to take all he had; that he had been informed that the city's rights were limited to the surface flow. City Attorney Shaw was appealed to and stated that the ownership of the Verdugo water was a very complicated question. In the discussion which followed, Dr. Crocker was urged to get his neighbors together to confer with the city and see if some equitable adjustment cannot be arrived at under which the city can supply them with water. The doctor

expressed his personal willingness to go into such a conference.

Grand View Map

The much amended map of the Grand View district having received the approval of all parties in interest was accepted by the city.

Music Club

A communication from the Glendale Music Club asking for the endorsement by the trustees of the organization in the membership drive it is putting on was read by the clerk and Trustee Bartlett was delegated to prepare a resolution expressing the approval and cooperation of the board.

On the recommendation of Health Officer Eckles the application of Mrs. Talling for permit to conduct a rest home was denied.

An easement for the setting of city pole lines given by Edwards & Wildey was accepted and ordered recorded and filed.

Library Budget

A communication from the city library board requesting the addition of \$2000 to its budget to be expended for books, was referred to the city manager to be placed with budget data.

Hugh Cornwell Gets Contract

On the report of City Manager Watson that the lowest bid for street improvement work on Arden avenue had been made by Hugh Cornwell, the board voted to accept the bid.

The hearing in regard to Grand View street names was continued for one week.

City Attorney Shaw stated he had received a favorable report from bond expert Thompson relative to the legality of placing upon the ballot at the coming election a bond proposition for park and swimming pool, and the board voted to turn the matter over to the chamber of commerce and P. T. A. Federation to circulate petitions if they saw fit to do so. Mr. Shaw stated that petitions must be in by Thursday night if the proposition is to go on the ballot.

Engineer Lynch reported excellent progress being made in the water improvement work which he has in charge.

Ordinances

Ordinance adopted included one establishing the grade of Doran, Commercial and State streets.

An ordinance extending time to file an action condemning land for the opening and widening of Stanley avenue.

Ordinance regulating the keeping, collection and disposal of garbage, rubbish, etc. This ordinance provides for the payment of a small fee for the service during the coming six months to meet the deficiency in the appropriation made in last year's budget.

Ordinance providing for the coming municipal election.

On motion of Trustee Bartlett, the board voted to invite the city manager to be present at the next meeting of the board.

PERSONAL MENTION

Mrs. R. L. Holland of 209 Arden avenue left yesterday for a short visit at San Diego.

Mr. and Mrs. L. A. Masters will move soon to Alhambra, having sold their residence on East Lexington drive.

Mr. and Mrs. R. E. Olin of 400 North Isabel street, entertained Mr. and Mrs. J. B. Neale of Los Angeles recently.

Mr. and Mrs. S. A. Trowbridge of 437 Burchett street, are entertaining this week their son Charles and family, of Bishop.

Thomas L. Hull of 328 West Colorado boulevard spoke at the Memorial Day exercises at the Burbank school yesterday.

Mrs. George E. Daniels of 142 North Central avenue is entertaining her mother, Mrs. Hilda Olson, of Los Angeles.

Mrs. V. G. Godfrey of 131 North Adams street had as her guest the first of the week her sister, Mrs. Crane, of Los Angeles.

Mrs. C. B. Guillard of 524 Patterson avenue, also Mrs. E. K. Harris of this city, were guests of Mrs. G. A. Mangun of Los Angeles on Wednesday.

The S. O. S. Club of the Central Christian church will meet at the home of Alice Mercer, 319 North Jackson street, tonight. It promises to be a big affair and all members are urged to be present.

Miss Clara Della Weaver, a dramatic reader of Los Angeles, assisted by members of her class, is giving an entertainment Friday evening at the Central avenue Methodist church under the auspices of the Ladies' Aid society.

Mr. and Mrs. George Brewster of 408 West California avenue, are expecting to entertain Mr. and Mrs. Walter Pettit, members of the Glendale colony at Escondido, over the weekend.

Mr. and Mrs. O. L. Kilborn of 217 West Lomita avenue entertained at dinner last evening, Mrs. Mary Shropshire and daughter, Miss Lillian, who are leaving about the middle of next month on an extensive eastern trip.

Miss Alice McCoy who has been teaching in Maricopa, will return to her home here the last of this week. Her parents, Mr. and Mrs. A. D. McCoy of 1127 East Wilson, will motor up there Saturday for her.

Mrs. T. A. Phillips of 212 East Dryden street, expects to leave tomorrow for an extended trip and visit in Canada, where she will visit relatives and friends. She will probably be gone nine or ten months.

Dr. and Mrs. J. D. Camerer of 311 West Garfield avenue, returned Wednesday evening from a few days' visit with friends, Mr. and Mrs. Frank Loose, of Long Beach.

Mr. and Mrs. L. W. Bosserman of 614 South Central avenue have had as their guests recently Miss Ella Leaming of La Porte, Ind., Mrs. John Allison of Joliet, Ill., and Mrs. Harold Morris of Los Angeles.

Miss Frances Musser of 600 West Colorado street, entertained two of her former Occidental classmates yesterday at a 1 o'clock luncheon. Pink sweet peas were used to adorn the prettily appointed table and also to decorate the rooms.

Spencer Robinson expects to get into his new office building on North Glendale avenue the latter part of next week.

Don't forget to register before May 28.

Teachers in the city schools are having a strenuous time rehearsing for their play, about three times a week, to be put on at the high school June 4.

The round-up of the Y. M. C. A. boys' clubs and overnight camp, which was to have taken place this afternoon on the foothill estate of L. C. Brand, has been postponed until next Friday week, on account of uncertain weather. Reports have been received from Azusa and San Gabriel that rain is falling there and it is considered an unpropitious time to camp overnight without tents. Of course, the boys are disappointed but better than the severe colds that might follow a drenching.

"GLEN AND DALE"

Members of the Christian Endeavor chorus which will be such an important program element in the great state convention to be held here in June, are now being selected by Mrs. Fannie Marple Retts, chairman, and her fellow members on the committee.

Working with Mrs. Retts are representatives from each church in this city and also the churches of Burbank and Eagle Rock. These constitute Mrs. Retts' cabinet, so to speak. Then each of these representatives appoints assistants in her or his church, so the whole committee number 35 or 40 members.

The director of the chorus will be Robert Maile of Los Angeles. He is teacher of music at Polytechnic high and very well-known as a choral leader.

Otis Ironmonger will have charge of the congregational singing at the convention. Anthems are to be put on by the choir every night during the five convention days, and the night preceding the formal opening—Friday, June 24, a concert described as the finest ever given in Glendale will take place in the First Methodist church, for which talent of the highest order will be secured. The returns from this concert will be used to defray the local expenses of the convention.

Poultry Notes

(The following article is from the pen of M. A. Schofield, president and general manager of the Poultrymen's Cooperative Milling association of Los Angeles, and will be found of especial interest at this time by all poultry keepers who have the problem of "whether to sell the layers now" or to build more houses to take care of the growing pullets that are to make the "next fall" layers.—Editor.)

One of the problems confronting poultrymen is how to dispose of the old hens to the best advantage. The ordinary Leghorn hen does not find a ready sale in the poultry markets of the United States. With the increased cost of raising pullets to maturity, and the decreased returns from the sale of discarded hens, there now appears a wider gap than even to span. It is costing approximately twice as much to raise a pullet as we receive from the worn out hen. To some extent, it is going to be profitable to keep the best of our hens a year longer, thereby reducing not only the number of pullets hatched year by year, but also the number of old hens thrown upon the market.

In common with any other kind of business, keeping poultry has its ups and downs. There are years when operations are profitable and again there are seasons when the business shows no profit, but even a decided loss for a short period. This is what might reasonably be expected. Nevertheless, the production of eggs in Southern California is of late years becoming more stabilized. Fluctuations are fewer than they were a few years ago.

It used to be related as a sort of grim joke that out of every 100 "would-be" poultrymen who went into the business in the spring, 95 had quit before Christmas. No such business mortality exists at the present time. Methods are so systematized that the failures in the poultry business are probably no greater than in many other lines, where such a high percentage of owners attempt to accomplish something for which they have had little or no training.

A disposition on the part of many owners of laying hens to dispose of their flocks when a season of depression arrives, is an unfortunate tendency noticeable at times. The reason they give is that it is cheaper to sell out at such periods and start again when conditions appear more favorable. While theoretically this might indicate good judgment, the difficulty experienced in again building up a laying flock has been so marked that it makes selling out entirely impractical. Considerable time is always needlessly lost in the renewal of a flock of layers, with the result that those who follow this policy of selling during dull times barely get started again when prices decline once more.

It is true that we usually find it profitable to cull more closely in times of depression than in times of prosperity, and we believe that such culling has resulted in a greater profit per hen. Nevertheless, those who intend to raise eggs or poultry for a livelihood should maintain their flocks during all periods, both profitable and unprofitable. In the event that the grower's financial condition will not permit him to retain his whole flock, it will surely be found advantageous to hold the better portion against such time as the tide turns and profits are again realized.

DRAWING FOR AIRPLANE RIDE

Mrs. Ralph Meeker announces that the drawing to ascertain the fortunate citizen who will enjoy a free ride in an airplane as the guest of L. C. Brand will take place at the Chamber of Commerce next Tuesday morning. The tickets were sold at the garden party given recently on May 15th.

See Huntington Beach AT OUR EXPENSE

Ask anyone who went with us to the Metcalf-Hinckley properties at Huntington Beach how they enjoyed their trip, and how profitable it proved for them. They saw—and were convinced.

We are inviting you now to take advantage of the same trip—to have an opportunity to see for yourself the new great oil field, and learn at first hand of its enormous power in creating oil-profits.

Leave Glendale by Auto at 1:30 P. M. Saturday; Return at 6:00 P. M.

Our cars will leave the office at 106-A East Broadway. There will be no expense attached to the trip—you go as our guest. (If you prefer to drive your own car, you are more than welcome to accompany the party.)

All we ask is that you get in touch with us before noon

Saturday, so that we can reserve space for you in one of the cars. There are no strings attached—you will not be urged to invest—and we will be glad to have you as our guest, whether you are considering investment at present or not.

SOVIETS HOLD FRANCE LIABLE

(By International News Service) PARIS, May 27.—Recognition by France of the Soviet government or even resumption of commercial relations with Bolshevik Russia has been shoved far in to the distant future by a sensational declaration made at Vienna by Dr. M. Bronski, close friend and intimate collaborator of Lenin. Bronski, who is in Vienna looking after the repatriation of Russian war prisoners, said that the Moscow government is ready at any time to discuss the Russian war debt to France, the most serious obstacle in the way of recognition.

"But we will have an enormous counterbill to present to France," he added. "We will ask France to pay the expenses we incurred in fighting against Admiral Kolchak, Denekin, Wrangel and all other anti-Bolshevik leaders who were supported by the French government."

This is the first time such a declaration has come from the lips of any responsible Bolshevik leader. In the past Moscow has disavowed the Russian debt to France on the ground that it was incurred by the government of the late czar, without the consent of the Russian people.

Bronski, who said that he spoke for Lenin, would not estimate the total of the bill Russia intends to present. However, he intimated that it would not only be large enough to wipe out France's claim, but would give Moscow a claim for an additional amount against France.

French officials regard the proposal as preposterous. There is no likelihood of France entering into financial conversations with the Bolsheviks on such a basis.

NOW BELIEVES IN RED TAPE SYSTEM

(By International News Service) PORTLAND, Ore., May 27.—Never again will K. P. Cecil, former lieutenant in the American expeditionary forces, condemn government red tape. He works on the principle that everything comes to those who wait—long enough.

Three years ago at Chalons sur Marne, France, the lieutenant parted company with his carryall when a baggageman failed to toss it aboard the train on which his troop was leaving a shell-shattered town on a dark night. He failed to miss the equipment until the train was well on its way, and with a philosophic "c'est le guerre," bought another kit.

A few days ago in Portland Cecil and his lost dunnage met once more. It was all there—trench coat, boots, army tent and blankets.

Cecil was a lieutenant in the artillery corps.

SUGGEST RAT HUNTS FOR SOCIAL PARTIES

LONDON, May 27.—Rat hunts as "fashionable new sport for ladies and gentlemen" were suggested at a meeting of the Cheshire Chamber of Agriculture at Chester.

Business, said one of the speakers, could thus be allied with pleasure in a very practical way.

A farmer said that a lady recently motored to his farm with dogs and terriers and killed about 200 rats on his land and two neighboring farms.

WILL REJECT THE BORAH AMENDMENT

(By International News Service) WASHINGTON, May 27.—President Harding was advised today that the house probably will reject the Borah amendment to the navy appropriation bill, authorizing the President to call a disarmament conference with Great Britain and Japan, it was learned following a conference between the President and Republican leader Mondell. The house, it is understood the President was advised, favors the calling of a general disarmament conference by resolution, at a time that the President deems fitting.

Representative Mondell informed the President that the Republican membership of the house has agreed upon a peace resolution which will shortly be reported as a substitute for the Knox resolution passed by the senate.

BEST DEFENSE IS WOMAN'S VOICE

(By International News Service)

DENVER, May 27.—Attention, ladies!

Scream loud and scream long when confronted by a burglar or a footpad! "This is the advice of Chief of Police 'Rug' Williams, given in a series of 'Hints on Home Protection' for the benefit of the female of the species.

A woman's best defense against attack is her voice, Williams declares, and says that the best and quickest thing for her to do when confronted by an intruder is to scream—scream at the top of her voice—and the more terrified the pitch the more successful her effort is likely to be. Because, the chief adds, either the burglar will flee or someone will come to her aid.

Time is too often limited in emergency cases for a woman to rush to a pillow, or a bureau drawer, to grasp a revolver, and, even when she does get hold of a gun, the chief thinks, the chances are she will not know how to use it. "So just scream, scream, scream!"

And the high mogul of Denver's police department adds a few "don'ts" to the advice to women.

"Don't slip over to the grocery store and leave the doors open.

"Don't go out at night leaving the house black dark. A thief works best under cover of darkness.

"Raise the shades, light up dimly and lock the house before going out for an evening.

WELLESLEY TURNS OUT CRACK CREW

(By International News Service) WELLESLEY, Mass., May 27.—The Wellesley college rowing crew, with five New England girls included in the eight, expects this year to add new laurels to the fame of the college. Daily practice on Lake Waban is quickly whipping the crew into form. The girls are taking the work very seriously with the hope of making the races this year even better contests than last year. Miss Dorothy Brainard is stroke and captain. Miss Helen Sherman is in charge of the rowing department.

ENGLAND MAKES NO CHARGES

WASHINGTON, May 27.—Great Britain has not made any representation to this government concerning the charge fired in the British house of commons that American arms and ammunition were finding their way from this country into the hands of Irish revolutionists, it was said at the state department today. Spokesmen for the Lloyd George government were questioned about the alleged shipments by members from the floor.

FIND BODY OF BABE STOLEN BY EAGLE

(By International News Service) LONDON, May 27.—A partial solution of a 1914 mystery has been yielded by the discovery of the charred skeleton of a child's body on the highest mountain in the Bannachie group in Scotland, known as the Mither Tap. A child of two disappeared while at play and a search within a radius of

thirty miles proved futile, the belief being that the child had been carried away by gypsies or else by an eagle. Now a body, believed to be that of the missing child, has been found two miles from the cottage from which the disappearance took place. The body was found by a man salvaging timber on the mountain, which was swept by fire last year.

PICNIC PLANNED BY READING CIRCLE

Among important matters discussed at the Reading Circle, which met as usual Wednesday afternoon at the city library, was the picnic to be given by the circle June 15, at La Ramada. It will be a patriotic affair and all the members are expected to come in patriotic costume.

The review, given by Mrs. A. H. Brown, covered the fourth installment of H. G. Wells' "The Salvaging of Civilization." An article by Dr. Storm-zand relative to women's occupations outside the home, created a great deal of discussion.

The reading of "The Prestons Growing Up," was continued by Mrs. Crawford, and the assignment of the current book, "When Children Err," by Elizabeth Harrison, was read by Mrs. E. B. Moore.

CHICAGO GANGSTERS KILL POLITICAL FOE

(By International News Service) CHICAGO, May 27.—The political feud in the "bloody 19th" war cost another life today when gangsters shot to death Michael Licari, trusted lieutenant of Anthony d'Andrea, slain political czar. Licari was shot four times by two gunmen on the sidewalk near his home. One bullet pierced his heart.

A loaded automatic was in Licari's hand when his body was found by police. He had not been able to use it. Licari moved from his former home in the nineteenth ward only three weeks ago as a result of the slaying of d'Andrea. He told friends he was "marked for death."

Lenin to Restore Property

(By International News Service) RIGA, May 27.—According to trustworthy information received here from Moscow, the soviet government is drawing up a decree for the denationalization of real estate in the Russian towns. The decree, which, it is expected, will be issued in a few days, restores to its former owners all property valued before the war at \$37,500 or less.

NEW METHOD OF MAKING DUMB SPEAK

(By International News Service) LONDON, May 27.—Criminals who endeavor, by acting "dumb," to escape the penalty of the law will have a poor chance in future.

According to the bulletin of the National Anaesthetic Research Society the man who shams dumbness can be detected by the use of anaesthetics.

The society, whose work has been proceeding in America for some time, records the case of a man accused of murder who had refused to speak a word for two weeks. The doctors were not satisfied that he was dumb and made an experiment, which proved that he had been shamming.

First they gave him nitrous oxide, and afterwards excited his system with ether. The result was that he suddenly spoke quite loudly.

Swordfish Scuttles Ship

(By International News Service) NAIROBI, Africa, May 27.—An Arab dhow, after crossing the Indian ocean, was making its way down the Benadir coast toward Mombasa when it was attacked by a giant swordfish. Efforts to drive the fish away proved futile, and after one or two charges it succeeded in piercing the hull of the boat, sinking it almost immediately. The crew managed to swim ashore.

CONGREGATIONAL EDIFICE ASSURED

Members Authorize Building Committee to Secure an Architect and Proceed

Following the midweek prayer service at the First Congregational church of this city, Wednesday evening, there was a business session which was largely attended and at which considerable enthusiasm for the proposed new church was manifested.

The church committee of which Blake Franklin is chairman, was not able to make a detailed report of its work to date, but gave a general outline of plans and possibilities. The church then voted to give the committee full power to decide upon the general character of the building, to engage an architect and take such other preliminary steps as may be advisable, it being the disposition of most of those present to push the project as rapidly as possible. Every Sunday the auditorium is crowded to overflowing and there is great need of more room to carry on the various activities of the church.

It is expected that the new building will cost in the neighborhood of \$60,000 and while no plans have been submitted it is thought probable that a modified Spanish type of architecture (not mission), will be chosen and that it will be one that will be a credit to the organization and the community. It will of course contain a large auditorium and adequate accommodations for the Sunday school besides quarters for the social activities of the church, with rooms for Boy Scouts, committees, ladies' parlor, etc.

PRISON TERM FOR BRUTAL SOLDIER

(By International News Service) LEIPZIG, May 27.—A prison sentence of ten months was imposed on former Sergeant Karl Heynen of the German army, who was charged in the war criminals court with abusing British war prisoners. Heynen must also pay the cost of the prosecution, which will be heavy, owing to the bringing of many witnesses from England.

The ex-sergeant was the first of the German officers to be placed on trial in the supreme court. A number of former British soldiers, who were prisoners in Heynen's detention camp in Westphalia in 1915, testified against him. They swore that the Germans treated the prisoners with great brutality.

ANOTHER VICTORY FOR CERRITOS

Again Defeats Intermediate's Best Team With Score of 8 to 4

In the game between Cerritos' first baseball team and the Intermediate first team, which took place Wednesday afternoon, Cerritos again administered a defeat to Intermediate with a score of 8 to 4. Almost perfect teamwork on the part of the Cerritos boys overthrew the Intermediates, who played a ragged and individual style of game.

The only stars of Intermediate were catcher and pitcher, John Lovell and Lionel Martinez. George Montgomery played a good game at first base and toward the end was moved to replace a player who had been putting up a very poor game.

The Cerritos stars were Richard Ryan, Colburn Danner, Louis Moniot, Charles Voring and Robert Murphy.

For the first season since the two schools have been playing, Cerritos has succeeded in backing the Intermediates so completely off the map that unless the Intermediate boys take a different attitude they will be beaten every time they play the other team because Cerritos boys work just as hard in perfecting their teamwork as they did when they first won. Their heads are not swelled by success. A great deal of credit is being given Coach William Samis who spends a great deal of time with the boys, but those who have watched the contests declare that the Cerritos boys also deserve a great deal of credit. No baseball team from that school has been defeated this year.

'Standing of the Teams

The game schedule for baseball teams of the fifth and sixth grades, city schools, shows relative standings as follows:

Teams—	Won	Lost	Pct.
Cerritos	6	0	.1000
Pacific	7	1	.875
Columbus	5	2	.712
Colorado	4	4	.500
Broadway	2	5	.288
Central	1	7	.125
Doran	1	7	.125

Mr. Blanford, physical director, states that the pennant award will be decided in a few days. It lies between Cerritos, Pacific and Columbus and games will be continued until school closes.

RACE DRIVER IS BOOSTED BY FATHER

(By International News Service) INDIANAPOLIS, May 27.—"Gimme a ticket to see my son win your race," said a proud appearing gentleman who walked into the speedway office yesterday, laying a roll of bills on the counter. "I want a parking place behind the pits and a box in front of the finish wire. I'm going to follow my boy right through to victory in this race."

He was W. H. Sarles, of Lafayette, Ind., the father of 29-year-old Roscoe, who will pilot a Duesenberg speed creation in the coming 500-mile race to be held at the Indianapolis motor speedway Monday, May 30.

"Roscoe has had hard luck at the Indianapolis track in previous years, but I've got a hunch that we've got it whipped this time," he said, as he wandered out of the office.

CHINESE EDUCATORS ON VISIT TO ENGLAND

(By International News Service) LONDON, May 27.—Commissioners appointed by the Chinese government to study the United States and European educational systems have arrived in London.

They have already made an extensive tour of the United States and will remain in England for several weeks before going to France.

The party hopes to be able to investigate every form of education in this country from the elementary schools to the universities.

The first blood shed in the Civil War was on President street, Baltimore, Md., on April 19, 1861, when the Massachusetts sixth regiment was attacked.

"CLEAN-UP SALE" REALIZES \$125

The ladies of the church of the Holy Family realized 125 at their "clean-up sale," held on Wednesday evening, to dispose of articles left over from their recent May festival.

Refreshments were served and a social good time was enjoyed by a large number of members of the church and their friends.

"Harding" Mannikins

(By International News Service) PARIS, May 27.—The "Harding" doll has just made its appearance in boulevard windows in Paris, along with other comic figures of Foch, Lloyd George and other notables. Parisians thus learn that President Harding is supposed to have two front teeth missing, a purplish red nose and elephant ears.

New York, Ohio, Pennsylvania, Illinois, California, Iowa, Texas and Michigan have more automobiles than the entire continent of Europe.

HISTORY WILL REPEAT ITSELF

The Motor Truck business will rival the pleasure car business. It is now just at its beginning. Past experience has proven that the Motor Truck business must be conducted as a separate and distinct institution from the automobile business.

Legions of new men will now make fortunes in the Motor Truck business, who get in on the ground floor, as average, successful Motor Truck salesmen make from \$3500 to \$5000 a year.

The Peerless Commercial Company with its principal offices in Los Angeles, are organizing an exclusive Motor Truck sales force for one of the best motor trucks known, and appointing a local representative in every community. No experience or capital, and only spare time, supplying information, and advising and assisting their experienced salesmen, is required of these local men. This offers an unusual opportunity for a local man to get started and eventually qualify to attain a position paying \$75 to \$100 per week, or more.

The transportation problem is today in a very unsatisfactory state. Motor trucks are the solution and are fast coming into general use. It is predicted that "history will repeat itself" and that the Motor Truck business will be the next big money making business of the country, as the automobile business has been during the past decade.

Anyone interested and desiring to get into the Motor Truck business in any capacity, should address for free and full information—
